

Stainless steel is an alloy steel with a high chrome content. Chrome helps to create a surface oxide film which protects metal and immediately forms in case of chemical or mechanical damage. **BETA** has relied on this unique peculiarity to develop the **BETA INOX** range of tools, which provide **high resistance to corrosion** and can be subjected to **sterilization**.

The **BETA INOX** tools can be used in **critical environments** - that is, in areas where the minimum level of contamination is not permitted. **Some examples are:**

- Nuclear applications
- Pharmaceutical production
- Offshore applications
- Biotechnological and biomedical laboratories
- Food industry.

Furthermore, the **BETA INOX** tools **avoid improper rust** formation. Whenever any tools other than those made of stainless steel are used on stainless steel screws, nuts or surfaces, a few particles may come off the tools, thereby triggering corrosion. This often results in aesthetic problems and, sometimes, in structural problems as well.

Using stainless steel tools completely prevents polluting particles from spreading.

Examples of applications are:

- Shipyards
- Building
- Solar systems
- Car industry

STAINLESS STEEL + NO STAINLESS STEEL = RUST

STAINLESS STEEL + STAINLESS STEEL = NO RUST

Characteristics

Accurate selection of the materials¹ and the expert quest for the best heat treatment provide the **BETA INOX** tools with mechanical characteristics which far exceed the standards and are comparable to those of the other **BETA** tools.

These tools share the same ergonomic properties and design as the other **BETA** tools, which have been known to, and appreciated by, professional users for over 75 years.

Stainless steel is 100% recyclable, which is also a major plus.

¹Beta Utensili uses stainless steel AISI 420, magnetic.

STAINLESS STEEL RANGE

42INOX

COMBINATION WRENCHES,
OPEN AND OFFSET RING ENDS,
made of stainless steel

8 - 10 - 11 - 12 - 13
14 - 15 - 17 - 19 mm

96BPINOX

BALL HEAD OFFSET HEXAGON
KEY WRENCHES
made of stainless steel

Ø 2,5 - 3 - 4 - 5 - 6 - 8 - 10 mm

96TINOX

OFFSET HEXAGON KEY WRENCHES
WITH HIGH TORQUE HANDLES
made of stainless steel

Ø 2,5 - 3 - 4 - 5 - 6 mm

1290INOX

SCREWDRIVERS FOR
SLOTTED HEAD SCREWS
made of stainless steel

2,5x50 - 3x75 - 4x100
5,5x150 - 6,5x150 mm

1292INOX

SCREWDRIVERS FOR
CROSS HEAD PHILLIPS® SCREWS
made of stainless steel

PH0 - PH1 - PH2
